# Born Free Imperial

## 33' 7" (F-Series Chassis)

If you are downsizing from a Class A, or just shopping for larger motor home, take a look at the Imperial. Born Free has matched our unique body style with the Ford F-550 truck chassis to create a model with plenty of roominess. Available with two slide rooms, this layout has a front living room as well as a rear separated bedroom.

The bedroom features a made-up bed, while the living room has a sofa/bed. The Imperial can be ordered to sleep up to 5 adults if the cab-over is ordered with the bed option.

The kitchen features the latest appliances with 7 cubic feet of refrigerator space. The bathroom has a corner shower as well as a beautiful vanity. Storage is abundant! Large TV's are designed into both the living room and bedroom designs. Entry into the truck cab is similar to a pickup truck and far different than our larger competitors offer in a class A. Take a real look and design it your way from our list of many options!

## A word from Born Free President Jeff Butler...

My grandfather once told me that to have a vision for the future you must first understand the past. Our family roots are deeply tied to the Midwest and the people around here are some of the most hard working and dedicated people I know. After joining Born Free RV I quickly learned that the employees we have are very talented and dedicated, sharing the same values that were instilled in me. Every day they amaze me with their ingenuity, focus and pride. I am honored to be able to work with such a first class group of people in our effort to build you exceptional quality Class C Motorcoaches.

The products we manufacture and service of which you use are each created one at a time, not down an assembly line, but rather, by a team of craftsmen. For many of these craftsmen and women this job has been a long term career – some over 40 years. If you already own a Born Free you know the level of quality and service we provide. If you have never owned one you should! The attention to detail is second to none.

It's with an understanding of the past that we formed our vision. The foundation of Born Free Motorcoach was laid when in the early 1970's John N. Dodgen built the first Class C motorhome. Early on the commitment to build the best was defined and honed. As we go forward, we stand firm on our commitment to quality and service, while charging ahead on development of new products and floorplans which incorporate your input. We are expanding our reach to the rest of the country through our valued dealer partnerships, which provide you an opportunity to see the Born Free product in your region of the country. Our dealers are hand selected based on their level of quality service and support. A personal touch remains our priority and when you call in to the factory, your call will be answered in person and addressed to the right individual to take care of you. We are working hard to continue to earn your business. Thank you for the opportunity!

Sincerely,

*Jeff Butler*  
President
